

Missions and Outreach Corner

We are sincerely thankful to the Mission by the Sea group that has been coming to FUMC for 12 years from Bethany United Methodist Church in Austin. The 2019 MTBS members arrived in early June and spent several days spread out around town helping senior citizens and organizations with jobs and chores as their way of giving service and practicing being the hands and feet of Jesus. What a wonderful group of young people, guided by their outstanding leaders. It was the first year for Ginger Goodin and her husband John to organize the mission, and they did a great job.

Miss Murphy is most appreciative of the work done on her house by the young people of Team IV of the Mission by the Sea from Bethany Church in Austin. Here is her photo of the youngsters with their leader, Tamra.

Leslie Machicek, our Wesley nurse, will be at FUMC Monday-Thursday to provide assistance to folks who need help with covering their prescriptions. People need to call her at 361-571-1044 to make an appointment and to learn what they must bring with them. Leslie also has diabetic supplies.

Leslie is also requesting donations of toothpaste and toothbrushes for community health services.

- **The Blessing Porch** is being used. More canned foods (with pop-off lids), juices, waters, snack bars are needed.
